1. INTRODUCTION

What is the Department of the Navy (DON) Contractor Manpower Reporting Application (CMRA)?

DON CMRA's primary mission is to facilitate DON compliance with section 2330a of title 10, United States Code. The Office of the Secretary of Defense (OSD) is required to submit to Congress an annual Inventory of Contracts for Services (ICS) performed during the prior fiscal year for or on behalf of the Department of Defense.

DON CMRA is an online web application and database that serves as the interface for the data collection and storage of Contractor-reported data including direct labor hours and their associated labor costs.

The Department of the Navy submits the ICS report generated by CMRA to OSD each year. CMRA's additional reporting capacity allows the Navy to fully understand and better account for the total DON workforce, provide better oversight, and ensure full value of contracted services.

1.1 Purpose and Scope

This manual contains information that will help you use the CMRA effectively. There is a procedure for each application process or function that the application can perform. This manual contains very detailed explanations, step-by-step guidance and screenshots of the application to guide you throughout the reporting/data-entry/validation processes.

If you have questions that haven't been addressed in the manual, you can check the online FAQ, which can be found by using the *Help & References* link in the upper, right corner of each page of the website.

For additional assistance with questions that have not been addressed in the user guide or the FAQ, you can email the DON CMRA Help Desk at doncmra@avum.com. Include all pertinent information (e.g., username, contract/order number, specific questions, error message text, etc.) and screenshots whenever applicable.

You can expect to receive a response from the Help Desk within 24-48 hours on business days. During the peak reporting period (September-November), response time may be slightly longer.

1.2 Notation Conventions

The following conventions apply to uses that appear throughout this user manual:

Bold typeface is used to denote the following elements of the CMRA user interface:

- Buttons
- Check boxes
- Field Names
- Tabs

Italic typeface is used for hyperlinks and any other special references on the screen within the CMRA user interface.

Quotation marks (“ ”) indicate the title of a screen name or page within the CMRA website

2. CMRA REQUIREMENTS

2.1 System Requirements

To use the CMRA on a Windows PC, you must have the following:

- Internet Explorer (IE) 7.0+
- Minimum memory of 512 megabytes (MB)
- Screen resolution of 1024 x 768 pixels per inch or higher
- Adobe Acrobat Reader for displaying PDF files
- JavaScript enabled on your internet browser

2.2 User Roles

Users will assign themselves at least one of the following roles when creating an account with the DON CMRA:

User Role	Explanation of User Role
Contracting Officer (KO)	A person with the authority to enter into, administer, and/or terminate contracts and make related determinations and findings on behalf of the federal government.
Contracting Officer Representative (COR) or Contracting Officer Technical Representative (COTR)	A qualified individual designated by the contracting officer to assist in the technical monitoring or administration of a contract.
Prime Contractor	A person or corporation who has been contracted by the DON to perform work at a DON military post or other location.
Subcontractor	Person or corporation who has been contracted by a prime contractor to perform work on a contract for a government organization.
Requiring Activity Manager (RA)	DON Activity for which the contracted services are being provided.
Resource Manager (RM)	Managers of Resources in the DON who will use CMRA data to generate information, useful as a baseline for programming and documenting contractor support, in terms of manpower and dollars. Additionally, RM's are tasked with validating and correcting CMRA inputs from their respective organizations and with submitting data for contracts that have not been input by contractors working on service contracts for their commands.

Note: Each user role will have certain permissions to view and edit specific contract data. **Users are unable to register for the System Administrator role and are not permitted to have the System Administrator role.**

3. CMRA GENERAL WEBSITE INFORMATION

3.1 Website Navigation

Every screen within the CMRA has the following links located on the top right side of the screen:

- *Home* – Takes the authorized user to the CMRA “Home” Contract Search screen.
- *Help & References* – Provides the authorized user with Frequently Asked Questions (FAQs), glossary of terms, Department of Defense and DON reference documents, and any other user-based help information.
- *Edit Profile* – Takes the authorized user to the profile page where the user may edit his/her profile.
- *Logout* – Takes the authorized user to a safe and secure logout of the CMRA (also includes a link to log back into the application).

Note

- Any one of the website navigation links may be accessed at any time while navigating within the CMRA website as long as you are logged into the system.

3.2 Home

The DON CMRA website may be accessed by clicking on the DON CMRA link at <http://www.ecmra.mil>

Upon entrance to the CMRA site, DTM 08-060 disclaimer is displayed. Once you have read the Disclaimer, click **I Agree** in order to enter and use the application. The user must accept the compliance agreement in order to advance to the Login screen that is shown in the image below.

- A change in user role must be reviewed and approved by the System Administrator. Therefore, any changes to the user role must be submitted as a request to the Help Desk.

3.5 Log Out

You may exit the application at any time by clicking on the *Logout* link. A confirmation message will be displayed. Once you click to confirm that you want to log out, another message is displayed on the screen indicating that you have been successfully logged out.

Note

- If you exit the application by simply closing the browser, the application will close and any unsaved information from that session will be discarded. Also, if there is no activity in the CMRA for 15 continuous minutes, the application is designed to protect the data already saved by terminating and closing the session.

3.6 General Functionality

The following buttons have the same functionality regardless of which screen the button is found on:

- **Cancel** – Returns the user to the previous screen
- **Edit** – Allows the user to edit the field(s) on the screen
- **Reset** – Clears any information entered in all field(s) on the screen. No cleared information will be saved.
- ***!** -- The red asterisk symbol or exclamation point indicates that the adjacent field is a required entry

Note

- Please use buttons and links in CMRA to move to the next screen or to a previous screen. Do not use the Enter key on your keyboard or the Back button on your browser.

4. SYSTEM ACCESS AND ACCOUNT REGISTRATION

4.1 User Login

The image below shows the login screen that you can use to access the application after you have registered and have received an email that your new account has been approved. If you haven't registered for an account, please see section 4.2 of this manual for guidance with registration.

You must have a DON CMRA account to access this application. If you already have an active Army, Air Force or Other Defense Agency account, you will still need to register for a DON CMRA account.

You may have only one (1) user account in DON CMRA.

Role Type: Contracting Officer
 COR COTR
 Prime Contractor
 Requiring Activity
 Resource Manager
 Subcontractor

If applicable, you may select more than one role. In particular, if you provide labor services as both Prime and Subcontractor, then select both Prime Contractor and Subcontractor, so that you will be able to log in and enter each of those hours appropriately.

All user roles require a valid e-mail address. However, certain user roles require distinct email addresses. The following describes the different e-mail designations per user role:

- Prime Contractors must not have a .mil, .gov or usna.edu email address.
- Prime Contractors who have .mil, .gov or usna.edu email addresses will need to use a different valid email address to register. The functionality in place here cannot be overridden
- For KO, COR/COTR, RM or RA roles, the user must have a .mil, .gov, or usna.edu email address.

Certain user roles will need to enter supplementary information in order to register:

- Prime Contractors and Subcontractors are required to enter their company's CAGE Code, Company Name, and a Contract Number for which they will be reporting.
 - CAGE codes are used as part of the identity verification process only.
- Requiring Activity users will need to enter their Requiring Activity UIC.
- Users registering for a Resource Manager role will need to enter their Command.

Select the **Continue** button to save your account data after completing all of the required information in the fields.

A message will be sent to your e-mail address after clicking **Continue** for the purpose of verifying your email address. In this email, a link will be displayed for you to click that opens the email verification screen in CMRA. Click the link in this email to verify that you have entered a valid email address.

No further action is required at this point.

Note

- Registering for a CMRA account does not provide you with immediate access to the system.
- A verification email will be sent to you after you register for a CMRA account. You must click on the link within the verification email to continue the activation process.
- After email verification, a System Administrator will manually review and process your new account. Approval can take up to 24-48 hours on business days. During peak reporting period (September-November), approval can take up to 72 hours.
- You will receive email notification once your new account is activated.

The *Lost/Reset Password* link found on the Login screen may be selected if you have forgotten your password. Upon selection of this link, the system displays the “Forgot Password” screen.

You must enter your email address and click the **Submit** button (selection of the **Cancel** button will display the “Login” screen).

A “Forgot Password” email will be sent to your email address. Within that email, you will see a link to initiate the process for resetting your password. You must click on the link in the email (or copy and paste the URL in a new browser window) in order to be directed to the password confirmation screen.

You must then enter and confirm a new password and then select the **Submit** button. The DON Regulation NTD 06-10 mandates that passwords must meet certain criteria in order to be considered valid (specified in section 4.1).

4.4 Expired Password

Passwords must be reset every 60 days per DON NTD 06-10. If your password expires, follow the instructions on screen to update your password..

4.5 Expired Account

Accounts expire after 60 days of inactivity per DON NTD 06-10. If you attempt to log in and receive the error message shown below, click the **Submit** button to have an email sent to you to initiate the process for reactivating the account.

Note

- It is **not** necessary to contact the Help Desk unless you no longer have access to the email account you used when you registered for DON CMRA access.

5. CONTRACTS - SEARCH

5.1 Contract Search

After logging in, the first screen you see will be the **Contract Search** tab that is shown in the image below.

The screenshot displays the 'CONTRACTOR MANPOWER REPORTING' interface for the 'DEPARTMENT OF THE NAVY'. The user is logged in as a 'Prime Contractor'. The 'Contract Search' tab is active. The main search area is titled 'Search by Contract Number' and includes a text input field for the 'Contract Number'. Below this field, instructions state: 'Enter at least 6 digits of the 13 digit DoD contract number. Do not include dashes or spaces. If there are multiple Order Numbers on the Contract, there will be multiple rows associated with that contract.' There are also sections for 'Additional Search Fields' (Prime Contractor Company Name, Contracting Officer (KO) First Name, and Contracting Officer (KO) Last Name) and 'Search By Your Login'. A 'Clear' button and a 'Search' button are at the bottom. On the right, there are sections for 'Help and Definitions', 'Questions and Answers', and 'Bulk Loader'.

You must search for a contract to view the data that has been reported.

There are three different ways to search for a contract. The three methods are described in more detail below:

- **Search by Contract Number**

This is a close-up of the 'Search by Contract Number' section from the previous screenshot. It shows the text input field for the contract number and the instructions: 'Enter at least 6 digits of the 13 digit DoD contract number. Do not include dashes or spaces. If there are multiple Order Numbers on the Contract, there will be multiple rows associated with that contract.'

- Enter the contract number in the **Contract Number** field to view a specific contract.
- You need to enter at least 6 characters of the 13-character contract number

- **Search By Additional Search Fields**

If the particular contract you searched for is found, you may click on any of the *Contract Number* links in the “Contract Number” column. The **Orders** tab will be displayed.

5.2 Contract Creation

If the contract you are searching for is not currently in the database, the CMRA will prompt you with a message that says, **“Your search did not return any results. Contracting Officers do not have permission to create contracts. Please contact the Prime Contractor or COR to create new contracts in DON CMRA.”**

6. ORDERS - SEARCH

6.1 Order Search

All orders for a specific contract will be displayed in the “Existing Orders” table on the **Orders** tab. To edit or view order information of one of the displayed existing orders, click on the **Orders** tab and select one of the blue hyperlinked Order Numbers. If an order for the current FY is not displayed, it must be added. Contracting Officers may not add new orders. Contact the Prime Contractor to have an order added to the system.

The **Add New Order** button is greyed out because Contracting Officers do not have permissions to add orders.

The screenshot shows the Contractor Manpower Reporting application interface. At the top, there is a green banner with the text "UNCLASSIFIED/FOR OFFICIAL USE ONLY". Below this, the Department of the Navy logo and the text "DEPARTMENT OF THE NAVY" are visible. The main title "CONTRACTOR MANPOWER REPORTING" is prominently displayed. The interface includes a navigation bar with "Contract Search" and "Reports" tabs. The "Contract Search" tab is active, and the "Orders" sub-tab is selected. A welcome message for "Test User" is shown, indicating the user is logged in as a Subcontractor. The main content area displays instructions for viewing or editing orders and filtering results. Below the instructions is a table titled "Existing Orders" with columns for Order Number, Fiscal Year, Account Related, Prime Contractor Company Name, Contracting Officer Last Name, and Contracting Officer First Name. The first row of the table shows an order number of 1234 for the fiscal year 2015, related to account N, with the company name ABC Contracting. A "Delete" link is present for this order. An "Add New Order" button is located at the bottom right of the table area.

Order Number	Fiscal Year	Account Related	Prime Contractor Company Name	Contracting Officer Last Name	Contracting Officer First Name	
1234	2015	N	ABC Contracting			Delete

Note

- The blank boxes under each column heading are used to filter the results.
- These filters will be helpful for contracts that have many orders spanning many fiscal years.
- If you know the exact order number, you can enter it in the box below “Order Number” to filter for it.
- If you want to filter for all orders for a particular Fiscal Year, enter that year in the box below “Fiscal Year.”
- The same can be done for Prime Contractor or Contracting Officer name.
 - **Important** – the name fields are case-sensitive and need to be exact. (i.e., If you filter for “Cathy Jones” in the KO field, results for “Catherine Jones” will **not** be displayed. You will get better results from entering only “Jones.”)

- After selecting an existing order number, the “Order Data” tab displays the following order information:

Required Field	Explanation of Required Field
Fiscal Year	The fiscal year is the accounting period of the federal government. It begins on October 1 and ends on September 30 of the next calendar year. Each fiscal year is identified by the calendar year in which it ends and commonly is referred to as “FY.”
Order Number	The Order Number refers to the Task Order and/or Delivery Number of the Contract. For contracts without an Order Number, use “0000” as default or another number that is meaningful to all parties entering and reviewing data for that order.
Funding Agency	The Funding Agency is the Agency providing the funding for the contract action. Only Navy-funded actions are to be reported in DON CMRA. Visit FPDS-NG ezSearch to determine Funding Agency and Funding Office.
Funding Office UIC	The Funding Office UIC is the UIC of the Funding Office. Visit FPDS-NG ezSearch if you are uncertain of the Funding Office UIC.
Contracting Organization	The Contracting Organization is the organization or office that issued the action.
Requiring Activity Unit Identification Code	The Unit Identification Code (UIC) of the Requiring Activity (RA) refers to the UIC of the Requiring Activity that would be performing the mission if not for the contractor. This is not necessarily the Contracting Office, Contracting Administrative Office, or Funding Source.
Major Command of Requiring Activity	Command of the Requiring Activity that would be performing the mission if not for the contractor. This field will auto-populate based on the Requiring Activity UIC that is selected.
Prime Contractor Company	The name of the prime contractor for the order.
Direct Non-labor Cost	Supply costs plus Other Direct Costs (ODCs). ODCs are charged directly to the Government and are not included in proposed material costs, direct labor, indirect costs or any other category of cost. The Direct Non-labor Cost should be reported as <u>unburdened</u> cost.
Total Invoiced Amount	<p>The total dollar amount invoiced during the fiscal year, at the Delivery Order and/or Task Order level. The Total Invoiced Amount will include Direct Non-Labor Cost, Prime Contractor Labor Cost, Subcontractor Labor Cost and will be the fully burdened amount. It represents the entire amount invoiced for the order for the particular fiscal year.</p> <p>Important: If the labor is performed across fiscal years, include in the Total Invoiced Amount any amount that WILL BE invoiced for work performed in the current (reportable) fiscal year.</p> <p>Example: Work is performed in September 2014 (during FY14) and the invoice isn’t sent to the Government until October 2014 (during FY15). Include the amount invoiced in October 2014 in Total</p>

	Invoiced Amount because it is for work that was done in FY14.
--	---

Note

- It is the responsibility of the cognizant COR/COTR to review the completed Order Data fields. The COR/COTR should also edit any incorrect data (non-proprietary only) if necessary. The COR/COTR should contact the Prime Contractor or Subcontractor who entered the proprietary data if any corrections to the proprietary data are necessary.

6.2 Order Data Tab

Order Details can be viewed on the **Order Data** tab.

Users who have the correct role or ownership rights to the order can edit orders. In order to protect proprietary data, a user may only edit orders if he/she has claimed the order as a COR/COTR, is the Prime Contractor owner of the order, or a RA/RM with the UIC/Command that correspond to the order.

The image below shows an example of an order that can be edited by the user who is logged in. The **Edit** button is enabled and the user can click on it to edit the order details.

6.3 Contact Data Tab

Contact information can be edited on the **Contact Data** tab.

To update contact data for an order, select the **Contact Data** tab. The **Contact Data** tab displays the Contact Information for the **Contracting Officer**, **Prime Contractor**, and **COR/COTR** (if the data exists in the system already). To edit existing contact data, click on the contact link in the table.

To add new contact data, enter the appropriate contact information into the contact data fields and click on the **Save** button for the appropriate Contact (**Save Contracting Officer**, **Save Prime Contractor**, or **Save COR/COTR**).

6.4 Location Data Tab

The **Location Data** tab is where Contractor Manpower hours are reported.

All locations for a specific order will be displayed in the Location Information table on the **Location Data** tab. To navigate to the **Location Data** tab, search for and select the correct contract, then select the appropriate order from the **Orders** tab. To view the complete details of a location that is displayed, click the **Edit** icon on the left side of the row.

If no locations exist in the system for this order for the current fiscal year, the table will display the message "No Records Found." Contracting Officers do not have permission to add locations.

Subcontractors can only add location information **after** the Prime Contractor has entered the order information.

Notes

The only Prime or Subcontractor who can view the **Total Invoiced Amount, Direct Non-labor Dollars, Direct Labor Dollars, and Direct Labor Hours** is the user who entered the original data or has claimed the order. All other data is public information. If dollar amounts have been entered, but you do not have the rights to see the proprietary data, you'll see "Entered" instead of a dollar amount.

Contracting Officers are not expected to enter location information into the CMRA.

The Prime Contractor and Subcontractors are responsible for entering the Location Data in the application.

The following explanations are available to Contracting Officers as a reference.

7. REPORTS

7.1 View Report

To view a report, select the **Reports** tab. The tab will display a table showing the report(s) that you are authorized to generate and view. Select the report you wish to view by clicking the *Report Title* link of the report in the **Report Title** column.

The screenshot shows the Contractor Manpower Reporting application interface. At the top, there is a green banner with the text "UNCLASSIFIED/FOR OFFICIAL USE ONLY". Below this, the Department of the Navy logo and the text "DEPARTMENT OF THE NAVY" are visible. The main title "CONTRACTOR MANPOWER REPORTING" is prominently displayed. Navigation links include "Home", "Help & References", "Edit Profile", and "Logout". A user is logged in as "Test User" and "Contracting Officer". The "Reports" tab is active, showing a table with two report entries:

Report Title	Description
KO Report (Gap)	Orders that have not been claimed by COR/COTR and/or where a contractor has not entered location data against a contract.
KO Verification Report (Aggregate)	KO data entry verification report.

On the next screen, select the appropriate report filters of the report you would like to view (i.e. Fiscal Year). Click on the **View Report** button after selecting the report filters.

If there are no results that meet the criteria of the report and options you have selected, the following message will display, "The report did not return any data." You can revise your selections and run the report again.

7.2 Export Report

You may export a report to Microsoft Excel by clicking on the **Export to Excel** button after selecting the report filters. Once you have exported this file, you may save the report onto your hard drive.

7.3 Marking FOUO Information

The information compiled within the DON CMRA is FOR OFFICIAL USE ONLY and must be marked appropriately. Unclassified documents and material containing FOUO information shall be marked as follows:

- Documents will be marked FOR OFFICIAL USE ONLY at the bottom of the front cover (if there is one), the title page (if there is one), the first page, and the outside of the back cover (if there is one).
- Pages of the document that contain FOUO information shall be marked FOR OFFICIAL USE ONLY at the bottom.-
- Material other than paper documents (for example, slides, computer media, films, etc.) shall bear markings that alert the holder or viewer that the material contains FOUO information.

If you need any additional assistance, please refer to the Help & References section of DON CMRA, the FAQ section of the application, and this Contracting Officer User Guide. You may also contact the CMRA Help Desk by sending an email to doncmra@avum.com for assistance.

In your email request to the Help Desk, provide all pertinent information (e.g., username, specific questions, error message text, etc.) and screenshots whenever applicable.
